

Key Objectives This Year

Please describe how each of the program objectives were achieved, and note any achievements that were not originally anticipated.

Original Objective	Achievement (%)	Details
--------------------	-----------------	---------

1.

2.

3.

4.

5.

Conservation and Scientific Research Projects

Did the program include scientific research this year? (e.g. collection of sample data for water chemistry, isotope, genetic analysis, etc.)

Yes

No

Please describe the research and summarize any findings. If research reports were produced, please attach them to this report.

Please describe how these findings will inform the next steps of conservation and scientific research for the Nation.

Please note the species that were the focus of research project(s) this year.

1.

2.

3.

4.

5.

6.

Science, Research, and Conservation Partnerships

Please confirm your organization's key partners this year including universities, non-governmental organizations, and other First Nations.

Partner Organization

Partnership Type

Outcomes

Please describe how these partnerships increased the ability of your program to reach your conservation goals.

Habitat and Ecosystem Restoration Projects

Did the program include any habitat or ecosystem restoration or enhancement work this year? (e.g. silviculture, stream restoration)

Yes

No

If yes, approximate area of project site(s) (in hectares if possible):

If yes above, please describe the results of your habitat or ecosystem restoration or enhancement work this year.

Please note the species that specifically benefited from the habitat or ecological restoration work performed this year.

- 4.
- 5.
- 6.

Provincial Resource Development Referrals

Was your organization responsible for developing written responses to resource development referrals from the provincial government?

Yes

No

If yes, how many referrals did you receive this year:

Please describe an overview of the referrals received this year and how the principals of Ecosystem Based Management were applied.

Protected Area Management Plans

Did this program involve the development or revisions of protected area management plan(s) this year?

Yes

No

If yes, how many plans this year:

If yes, approximate area included in plan(s) (in hectares if possible):

Please describe your progress on protected area management plan(s), and any important aspects of the plan(s) implemented this year.

Traditional Knowledge

Please check each of the following areas of traditional knowledge that the program supported this year and explain how your program helped to support the areas selected.

Language

Access to traditional foods

Engaging elders to transfer knowledge to youth

Traditional stewardship practices

Protection and restoration of cultural assets and resources for future generations (e.g. CMTs, historic village sites)

Other:

Ecosystem-based Management Conservation Capacity Building

How many staff received training this year as a result of your program?

How many days of training did staff receive overall?

In which general areas did individuals receive training this year as a result of your program?

- | | |
|----------------------|-----------------------|
| Financial Management | Office/Administration |
| General Stewardship | Science/Research |
| GIS | Vessel Operator |
| Guardian Watchmen | First Aid |
| Leadership | Other: |

If training was at a formal institution, please indicate the programs and institutions, and include certification if achieved.

Program	Institution	Certification
1.		
2.		
3.		
4.		
5.		
6.		

Please describe the training and how it increased the ability of your program to reach your conservation goals.

Conservancies, Parks, and Protected Areas

Please list the conservancies, parks, and protected areas that were included in work performed this year.

Other Program Funding

Please confirm all other funding that contributed to the program this year.

Funding Source	Type	Current Status	Amount
			\$
			\$
			\$
			\$
			\$
			\$
			\$
			\$
Total Other Funding Sources:			\$
Funding Received from Coast Opportunity Funds:			\$
Total Project Funding:			\$

New Employment (Job Creation)

Please provide the new jobs created as a result of the program this year.

Job types	Total number of new jobs	Of total new jobs, # held by First Nations	Hours of employment per week (average)	Total months worked per year
Direct permanent full-time jobs:			35+ hours/week	12 months/year
Direct permanent part-time jobs:			hours/week	12 months/year
Direct seasonal jobs:			hours/week	months/year
Direct temporary jobs (e.g. contract or consulting):			hours/week	months

Please list the job titles/roles for the new employment positions that were created this year:

Permanent New Full-Time Equivalent (FTE) Employment Created:

Regional Monitoring

Did this program involve the protection and monitoring of the Nation's traditional territory? (e.g. Guardian Watchmen)

Yes

No

If yes, approximate area monitored (in hectares if possible):

What was the frequency of monitoring during the annual program?

If you answered yes to the above, please describe research and data collected during monitoring this year.

Please describe how the results of the monitoring will be incorporated into the implementation of a regional management plan or other next steps in this program.

Number of new Guardian Watchmen positions that were created this year:

Total number of Guardian Watchmen positions:

Attachments

Please ensure that each set of documents noted below is attached as part of your complete Final Report.

Project Photos

Please attach photos showing the completed project. Where possible, please include photos of research, habitat restoration work or other conservation projects; photos of the people who led the project; and/or photos of community members involved with the project.

Detailed Financial Report

The detailed financial report should be produced directly from your accounting system and show how expenses align with the detailed annual budget provided at the time of application. The report should include all sources of revenue in addition to Coast Opportunity Funds contribution for the current fiscal year, and all expenses.

Other Documents

Please attach other relevant documents developed during the program including research reports, protected area management plans, strategic plans, or other scientific reports that resulted from your work.
